Chiefs Report:

All Trustees received a copy of the alarm report.

All Trustees received a copy of the inspection report along with the list of completed inspections for this month.

Yesterday I received a copy of the Trustees rules and regulations from Shawn. There are 216 pages (6 chapters) and we need to go through each page and take out what doesn’t pertain to us and add things that do. This will take us quite a bit of time, once the office staff completes a chapter we will forward it to the committee and then put it on the agenda one chapter at a time for approval. This process could take a year or so. We would still need to look at our policies and Firemen rules and regulations. Shawn has offered to come to a meeting to explain everything. Next month we have the budget hearing maybe that would be a good time for Shawn to attend.

Discussion about having Attorney Flaherty at the next meeting.

We received the report from the architect that was recommended to us from B and F. We will try and find a roofer to coincide with the tuck pointer to complete the job. Everybody has a copy of the architect’s opinion. You had approved up to $7,500 for a licensed architect or structural engineer. The B and F architect charged us $100 for his opinion and stamped it. Discussion on the process.

The switch to the Linden Group broker is on the agenda. They have already helped us out with the dental and they did some work for us on the BC/BS renewal. We are looking forward to working with them in the future.

The Lutheran General transition is going well, July 1st came and we started with their reporting system. So far so good, some minor hiccups but we are working them out as we go. They have welcomed us with open arms and we have received letters from the administration welcoming us. August 1st is right around the corner and our medics are completing all the required training.

The Nederman exhaust system is fully installed, they are just waiting for our Engine to get back from the body shop to hook up the last piece of equipment. We will pay the second half of the bill when we receive the IPRF grant next March.

Our ambulance committee met with the representative from Foster Coach and Horton ambulance. They have the state bid and we are working with them on the specs. We received the prints today with the equipment we want and the changes we requested. We are having another meeting next Tuesday. The quote we have right now is for the E450 (gasoline) chassis for $171,000. Our goal is to have the purchase on the August 12th agenda.

We are looking at new defibrillators; the manufacturer came by and would like to work with us on a grant. The price for a new one is approximately $30,000 apiece; our old ones are 7 years old. We are
looking into other ways to purchase this equipment. Our new system has some procedures they do that our current defibrillators are not equipped to do. They are not asking us to go out and purchase these but if we are going to get new ones they would like us to make sure the new equipment can accommodate their procedures.

The August budget hearing will begin at 7pm followed immediately by the board meeting.

Motion by Trustee Lymeropolus and seconded by Trustee Strempek to accept the Chief’s Report for June 2014 as presented.
