Trustee Jarosz; yes, Trustee Szczurek; yes,

Trustee Strempek; yes, Trustee Lymperopulos; yes,

Trustee Skyba; absent .

AYES: 6 NAY: 0

MOTION CARRIED

**Chiefs Report:**

All Trustees received a copy of the alarm report.

All Trustees received a copy of the inspection report along with the list of completed inspections for this month.

We would like to start a spring cleanup here in April. We have several items to get rid of that are being stored in the back bay. There are old construction debris, bags of concrete, old sleeping bags, broken tools and generators, old props and many old fittings and damaged hose. We would like to get a dumpster and start the project in the middle of April. We would also like to get rid of the old pop up trailer that we have not used in years and is taking up space. We would then have more room to store things we currently use.

We have advertised the old hose rack that will need to come down for the new gear lockers. We had a couple of calls but no luck. We asked both public works departments if they could use it but they have no need. We can always cut it up for scrap as a last resort.

We have to start looking at the roof repair on the addition. If you remember at the end of last year we had all the walls sealed and parapets redone. The roof is still tenting and needs to be replaced. We will start looking at getting some quotes. The good thing is we have no leaks since the wall repairs.

The gear lockers are ordered and should be here in the next two months. These will be paid out of the 2% money. They are still getting prices on the installation.

Chapter 5 and 6 of the rules and regulations were included in the packets for the policy committee. These are the final two chapters. Let me know when you are finished and if you recommend any changes. After that we would like to add some of our current policies that the attorney did not include.

The IPRF grant came in and the Nederman exhaust extraction system has been completed. This worked well spreading it over two years and having two years of grants to help pay for it. The total cost of the two year project was \$53,250 and we had two years of grants totaling \$36,050. Our total cost for the whole system was \$17,100

Vacations will be starting soon and we are short on two different shifts due to Worker Compensation injuries. Brad is waiting for his disability hearing which should be in the next two months and Al

Nagrocki says his injury is not progressing like it should and could take a long time. We will be going through an abundance of overtime. The number one candidate has passed all his testing up to this point and just awaits a medical physical.

Deputy Chief Kovalcik reported on the confidence trailer and had additional information on cost.

Motion by Trustee Martell and seconded by Trustee Jarosz to accept the Chief's Report for February 2015 as presented.

AYES: 6 NAY: 0

MOTION CARRIED
