I have talked with Shawn about setting up a hearing for the disabled firefighter and the percentage of insurance they would pay. I suggested we do it before the next board meeting but he thought it should be separate from that. I talked with Shawn and Trustee Martell today and they would like to schedule April 7th for the hearing. Trustee Martell stated that if he doesn’t show up at the meeting, then we should hold the hearing and start charging him his percentage for insurance.

The electrician has replaced all but one panel. The last panel covers the emergency generator and this should be completed this Wednesday. He has done a great job, very meticulous and he communicates very well with us.

The finance committee will have a meeting on March 22nd at 7pm to meet with PSI and Metro to discuss the bids.

The sign is being constructed, they just notified us that the electronic message unit is completed and the next payment is due. They will be coming out to remove the current sign and bring it to their shop to see what they can reconstruct. I contacted IPRF about using our safety grant toward the sign because we would be using the sign for Pub Ed and safety messages to the public. They would only allow this if the sign was mobile and we would be bringing it to different events.

I met with Norridge and Schiller Park on the consolidated dispatch. If you remember we must have a plan in place by July 1, 2016. We thought we would be able to stay with Norridge dispatch and have the required 25,000 residents but we were told that we were not the ETSB and this would not work. Norridge and Schiller Park decided to split the cost of a consulting firm to do a study for both towns. I believe Harwood Heights and River Grove might join in on the study. Discussion.

The specification booklet and project drawings for the roof are completed from STI. This will be published May 16th with the pre bid meeting May 26th and the bid opening at the June 13th board meeting. The work can begin any time after July 1st depending on the contractor. Discussion.

We still need to meet with Lauterbach and Amen to make sure we do not have the same issues happen again with the audit. We met as a committee and decided it was in our best interest to interview both Paramedic companies and have them explain their bids. Then the committee can make a recommendation. Then that Saturday we will have a dinner at Biagio’s for all the officials. We will then come to the firehouse and unveil the monument. Discussion. T-shirts will be handed out at the Open House.
