Motion by Trustee Martell seconded by Trustee Lymperopulos to approve the Treasurer’s report as presented from the Financial Statement for August 2016.

Trustee Romano stated that a CD expired on August 23rd, 2016 we broke it up and $350,000 will be in a short term CD (90 day) at .40% and the other $204,000 will be going into a CD at a different bank, when we find the best rate. The $204,000 CD will not be collateralized but will have FDIC insurance. Trustee Romano states it looks like we have a substantial amount of money with the cash on hand, but it is not free money, it is spoken for when tax money is not coming in it covers the accrued liabilities we have.

Chiefs Report:

The 75th anniversary was a huge success, thanks to everybody for helping, supporting and contributing to the celebration. I have had many people express their thanks for being included. I have passed around the budget for the 75th; we are very close to paying for the whole thing with donations. We are about $2,000 over what we took in and we still might get more donations.

The roof is scheduled to start within the next couple of weeks. I have reached out to them for a schedule but I am still waiting. We have the Open House on October 8th and hopefully this won’t interfere with the construction.

For the Open House on October 8th we are doing the same as usual but giving away 75th anniversary tee shirts. We will need to order 500 tee shirts along with the 100 we have left over from the party. We will be doing flu shots donated by Mary Field, popcorn, goody bags, hot dogs from Luke’s, Taffy Apples hopefully from Byline Bank, Domino’s pizza, and demonstrations. Hope all can make it and wear your 75th anniversary shirts.

Trustee Skyba arrived at 7:46pm
The audit should be close to completion. I talked with Justin on Friday and sent him the pension actuary he was waiting for. I will notify the finance committee when I receive the draft.

I talked with Gary Kosnoff our insurance broker. They just received our renewal and out of his 19 departments we are the only one with a decrease (1.5%). We will be meeting with him on September 22nd on the renewal. I told him we would like to go to a more traditional policy with a smaller deductible. He said if we change the policy at all we would need to go with an ACA policy. He will have some options of ACA policies at the meeting so we can compare. He has offered to come to a board meeting and discuss this with the board.

I have given everybody a copy of the pension actuary. This report is based off of the latest numbers as of June 30th, 2016. There is a big increase mainly due to the change in the mortality rate and the performance of the fund last year. There is an investment performance from 2007-2016 in the actuary report. There were some year’s that were blank in the Sharpe report so we went back in the audits and filled in FYE 2014 and 2015, this is just for our review.

We have reached out to ADP, Paylocity and two others for payroll quotes and we reached out to 4 accountants for RFPs. The finance committee will meet with Lauterbach and Amen on Thursday to see if we can iron out any differences.

I would like to pass out a letter to the board on my notice of retirement effective January 31, 2017. Trustee Martell read Chief Stenson’s letter of notice of retirement and thanked him for the many great years of service. Discussion.

Motion by Trustee Martell and seconded by Trustee Skyba to accept the Chiefs report for August 2016.

President Report: There have been a lot of meetings. The department did a great job with the 75th anniversary celebration. Trustee Martell is saddened but happy for the Chief announcing his retirement and that we will have to meet to decide what we are doing. Trustee Skyba commented that the services for the 9-11 ceremonies and how touching it was. Discussion.

Committee Reports:

Finance Committee: Trustee Romano stated they met on Tuesday and reviewed the budget and the adjustment that was made to the pension fund using the current projections. We used to get it one year in arrears but we now get a more current actuary. With people living longer there is an associated cost with that, so with the new mortality rate it has increased substantially. We need to focus on being fiscally responsible and look at how we can save money, for example the Paramedic contract and how we were able to save money. We will need to continue looking at all contracts. Trustee Martell asked if
funding the pension fund takes money away for the operating fund of the district. Trustee Romano replied that it absolutely does. Discussion on interest rates and the assumptions that the actuary uses for pension funds which cannot be met. Trustee Romano feels they are doing a good job but we need to buckle down.

We reviewed retiree health insurance costs and need to look at that in the future. Trustee Romano stated the financial report can be misleading because this is not free money. When property tax stop coming in we still have roughly $450,000 monthly expenses. We also must keep monies available to pay for vacation pay, sick pay, personnel related expenses, if equipment goes down, etc. That money is designated for something and we will be talking to Lauterbach and Amen regarding what happened last year and hope it doesn’t happen again. This year we can’t get our reports for the audit at the last minute and go down to the wire. We did have an RFP for accounting and Lauterbach and Amen did come in the lowest. The finance Committee does not want to be doing their work and they will tell them what is expected. They want it documented what the reserve in our financial statement is earmarked for. We don’t want people to believe that we have a reserve and it is not set aside for anything. Things are not dire but we really need to watch with these pension projections. Trustee Martell stated that as a rule we would like to have over a million dollar in reserves for expenses which would cover about 2 ½ months, in personal standpoint it is suggested to have 3-6 months in reserve and we do not have that. Discussion on the budget. Trustee Martell stated this is the first year of a planned deficit budget. We need to start thinking outside the box.

Building and Equipment Committee-: Trustee Lymperopulos stated that the roof project is proceeding.

Information Technology Committee – Trustee Strempek stated there is nothing to report.

Policy Committee-Trustee Skyba asked if everyone received their Rules and Regulations.

Strategic Planning Committee- Trustee Martell stated they will be starting very soon.

Human Capital Committee-Trustee Skyba stated there is nothing to report.

Community Relations Committee- Trustee Martell stated that Trustee Jarosz did a great job with the 75th anniversary. Chief stated that he worked very hard and donated a lot of stuff. Discussion on the gold/silver helmet and plaque that was given to the fire department from a Polish firefighter that came to visit. Commander Koszczuk was able to speak with him and show him around. This was his way of showing his appreciation.

Pension Fund- Trustee Romano stated there is a meeting next month which was delayed. They met in the middle of August and discussed the performance of the funds. The investments did not perform that great.
