Chiefs’ Report:
Chief stated that all Trustees have received a written report.

Chief reported that the entry firefighter written test is being conducted remotely. There was an increase in the cost due to having to complete it this way. Applicants were charged $35 which will help offset the costs. Entry firefighters will finish taking the written exam by the end of the week and then we will have oral interviews to complete.

Trustee Skyba asked about the Grant Writer, Chief explained that the Board gave the directive to discontinue his services awhile ago. Discussion.

Trustee Skyba asked why there are late fees on the credit cards and why are we paying them? Chief explained that by the time signatures are obtained, some bills have been late. Currently, there is limited people working at the credit card companies and you cannot speak to someone to dispute the charges.

Trustee Skyba asked how many Covid calls we had. Chief explained that there is no way to give a number and our paramedics/firefighters treat everyone as they are potentially positive for Covid.
Chief reported that Cyndi completed her bachelor’s degree of Science in Accounting and Finance Management.

We are in Phase 3 for Covid-19 and the campus remains closed.

The ALGH paramedic rider program is going well, and PSI will be 1 or 2 hired to work here.

We have been using Leyden’s Quint due to our fire engines being out of service for repairs. Our truck is being used for limited calls.

The brick pavers have been installed in front of the station.

Fire Prevention Bureau is back and working on essential items to keep businesses in our District moving forward.

PPE supplies are going well, and we received more from IEMA.

Cyndi is working on reimbursement from FEMA for Covid related costs.

Officer meetings are now biweekly. We are monitoring everyone’s health; temperatures are being taken.

The Belmont CD has been cashed and put into the MMA.

Norwood Park has been held off Box Alarm Cards do to not have bullet proof vests. This is something our men and women should have regardless. The 2% Fund is purchasing bullet proof vests for the crews.

Boot Day is an amazing program and we normally raise a good amount of money for the cause. This year we are going to have a drive through Boot Day at the station. We have had to suspend our programs like CPR and car seat installation due to the Governor’s directive. This will be a nice way to have the community see the fire house safely.

Chief has met with the Chairman of MCD to discuss our renewal and the option to become an equity member. We currently pay $96,000, the are quoting an increase to $141,000. We have purchased equipment that ties us to them. Chief asked Attorney Flaherty if we had to go out to bid. Attorney Flaherty stated there is an IGA arrangement with the municipalities. There is a cost worth staying. You could go for RFP. Chief stated that if we were to go somewhere else, 911 would be answered in town and then transferred to other entity.

Chief explained that we are using an outdated process for having checks signed. We currently have 2 trustees come in and physically sign the checks. Typically, a Chief and one other person on the board would sign the checks. This process is an internal control and does not have to be a policy change. Attorney Flaherty stated it is not by statute, but it makes sense to have the 2 signers as the Chief and Treasurer. It is unique that the Chief is not a signer.

Also, our policy currently states that the Chief has a $5,000 spending limit. We have had it at $1,000, while most District have the Chief’s limit at $10,000. Attorney states that policy 1.26- purchasing, has anything over $5,000 to be preauthorized. Trustee Rybak asked who set the $1,000 limit, they believe a
previous trustee and it continued due to past practice. Trustees agree that Chief should use the $5,000 limit.

Trustee Kolaski asked if the Chief could do a Robo call for Boot Day? Chief stated that he already reached out to the mayors and will be doing this.

Discussion on other options to advertise: High School marque, Village marque, signs on ground, etc.

Trustee Rybak asked about Open House. Chief stated that most departments are canceling theirs. He will set up a meeting with Trustee Santoro-Cotton. Trustee Rybak stated that we could maybe have a holiday open house. Chief states we will reevaluate at the end of summer.

Trustee Evans asked why all the Trustees are signers. Chief stated that it was past practice. Trustee Cichon states that having one trustee and the Chief as a signer would make things timelier and run smoother.

Discussion.

Motion by Trustee Avino seconded by Trustee Santoro-Cotton to approve the Chief’s report for April 2020.

The firefighters are having to use Leyden’s truck; we need to make hard decisions.

Community Relations Committee-Trustee Santoro-Cotton stated that there is currently nothing to report but will meet with the Chief.

The fire department was not notified of Mr. McCormick’s passing.

The District will have this in their 2020 Annual Report.

If an employee gets Covid, the statutory presumption is that they received it at work.

OMA is permanently changed so that if there is a pandemic or disaster, you are allowed to hold remote meetings. Discussion.
